The Axiom Hotel is where history meets the digital revolution. Located at the nexus of San Francisco's historic Union Square and innovative Mid-Market Technology hub, this 152 guest room LEED Silver Certified boutique hotel welcomes those who desire a digital lifestyle delivered through seamless technology and thoughtful service. Tech-amenities include complimentary Fiber Optic WiFi, self check-in kiosks, and energy saving motion sensing detectors in guestrooms. With century old architecture fused with an electric modern design, guests will feel that at any moment another unique experience will engage them and leave them knowing they have arrived at "the Center of Next."
