Introducing ALX Gastropub; a contemporary take on the traditional public house fare. ALX combines the warmth of your neighborhood dive with the style of a sophisticated lounge. Led by Chef Jessie Lugo, this contemporary casual restaurant, under the Alexander's Steakhouse Group, is an easy going stomping ground for all those looking for comfort food and a relaxed and friendly atmosphere. With private dining available for large parties and a semi-private lounge area for smaller reception style groups, a beverage program focused on California craft beer, local wines, and specialty crafted cocktails, ALX has a little something for everyone. This casual cousin to the steakhouses will feature local and seasonal ingredients, comfortable dishes, and an inviting dining room; welcome to ALX Gastropub.
