With a name like the Argonaut, it's impossible not to speak of this hotel in grand, almost legendary terms. Inspired by the Greek legend and Gold Rush-era adventurers, it's one of those rare places in San Francisco that truly merits a term like iconic. Located in the historic Haslett Warehouse, the Argonaut's home is a grand building built in 1907 of exposed brick, Douglas Fir beams and so much seaside character, you feel as though you can almost reach out and touch the colorful Barbary Coast past here.Our boutique hotel is also celebrated for an unsurpassed level of 4-Diamond Kimpton-style service and amenities that provide an unforgettable destination experience. Couple that with a positively perfect location at San Francisco's most famous address -- perched on the edge of the Bay at Fisherman's Wharf -- and its easy to see why the hotel is so coveted.

Originally constructed in 1888, the Bayview Opera House Ruth Williams Memorial Theatre (BVOH) is one of oldest cultural buildings in San Francisco and has been listed on the National Register of Historic Places. Situated along the Third Street commercial corridor, BVOH became an

official Cultural Center of San Francisco in 1990, and has served as the focal point for art and culture in the Bayview Hunters Point community by providing accessible, diverse, and high quality arts education, cultural programs and community events in a safe environment. BVOH is at the epicenter of an up-and-coming neighborhood. The community is thrilled that the City is investing in the Bayview Opera House's building and plaza renovations. The building and grounds are closed until the summer of 2015 and set to reopen with upgraded, fully accessible interior restrooms; an enhanced lobby area; improvements to the lower level classroom; and structural improvements to the main hall, which is graced with the original 1888 theater proscenium and original floors. The exterior will showcase the historic Newcomb Street entrance with a contemporary walkway and main entrance that will lead to a newly designed exterior stage and expanded garden areas for programming. The exterior work has been designed by internationally recognized landscape architect Walter Hood in partnership with TEF Design. Named for Francis Coppola's venerable production company, American Zoetrope, Cafe Zoetrope is located in the majestic Sentinel Building, a San Francisco historic landmark in the heart of North Beach. We are a European-style cafe and offer authentic Italian cuisine and a wide selection of Italian and California wines, including our premium offerings that we carry exclusively at our wineries, cafes and website. One-of-a-kind mementos spanning Francis' long and celebrated film career decorate the walls while the awnings and heated sidewalks make it comfortable to dine outside even in foggy San Francisco weather. Cafe Zoetrope is located in the historic Sentinel Building on the corner of Kearny and Columbus. One of the most photogenic and recognizable structures in North Beach, the Sentinel Building is lush with history. Cafe Zoetrope, opened in 1999, was created with much thought from Coppola. Many of the items on the menu are his own recipes and the European ambience is something he cultivated. The Cafe functions as a wine bar and a restaurant in the style of a Roman Trattoria. A historic venue for buy out events, Cafe Zoetrope would be the most memorable of experiences for groups wishing to have an authentic North Beach event in an atmosphere created and still used by the famous movie director. Surrounded by movie memorabilia, including photos and awards, your guests will delight in all they can absorb while have a fantastic meal. Menus can be highly customized

The Calistoga Spa Hot Springs features 57 recently renovated Guestrooms, Mineral Pools, Mud Baths, Massage Services and Fitness Studio. Located in the Upper Napa Valley the alluring mineral pools of Calistoga Spa Hot Springs have been a mainstay of Napa Valley visitors for generations. Ancient civilizations found the healing and therapeutic powers of the mineral water pools a source of rejuvenation in mind, body and spirit. The composition of our mineral water is deemed by Nature's filtering of rainwater through our alluvial Napa Valley soils resulting in a blend of trace mineral and essential elements. Geothermal forces elevate the temperature of the mineral water to 180 degrees Fahrenheit at the source. The mineral water pools at Calistoga Spa Hot Springs consist of four unique pools each designed to revitalize the senses. The Jacuzzi Pool provides the warmest experience at 104 degrees. The Soaking Pool is set to a comfortable 100 degrees. Our multi- lane Lap Pool is set to a refreshing 80 degrees. In addition to our three core pools we set aside a wading pool and water feature for our younger guests. The restorative benefits of our pools are best realized when used in a progression from warmest to coolest.

Conveniently located in downtown San Francisco, The Contemporary Jewish Museum's (The CJM) dynamic facility designed by renowned architect Daniel Libeskind offers beautiful spaces for all types of special events. Perfect for cocktail parties, seated dinners, wedding receptions, bar/bat mitzvah celebrations, lectures, film screenings, and meetings.The CJM's close proximity to Moscone Center makes it a great location for convention related events. Libeskind's building design combines the historical 1907 Jessie Street Power Substation with contemporary architecture. Opened to the public in June 2008, the 63,000 square foot facility marries many of the character defining features of the original substation with bold new spaces. The building, with its integration of architectural styles, emanates a powerful connection between tradition and

innovation which reflects The Museum's mission to make the diversity of the Jewish experience relevant for a twenty-first century audience. CONTACT US Events Department 736 Mission Street (between Third and Fourth streets) San Francisco, CA 94103 thecjm.org email: rentals@thecjm.org

Additional supplements available to enhance your experience include additional skewers of wagyu as well as the option of adding a dry-aged bone in wagyu ribeye (market rate usually weigh-ing about 3-4 pounds). Other supplemental courses are continually available seasonally. We have an extensive beverage program the feature of which is our Japanese whisky collection. Selections include several pairing and flight options that focus on wine, whisky, or sake. Our beverage director is also happy to plan a personalized beverage experience for you. Rooms: Our main dining room can accommodate 25 guests seated or up to 50 guests for a standing reception. It can be reserved for an entire evening or for one of two seatings (at either 5:00 or 8:30). The whisky lounge is a private room that seats up to 10 guests and is the home to over 100 Japanese whiskies. Guests are treated to a family style service at our beautiful Italian marble table.

It’s not just an experience, it’s a RUSH. Strike a pose with Beyonce and sparkle center stage with Adele. Get behind the camera with Steven Spielberg, and GASP! It’s George Clooney! Cozy up with him on the sofa. Calling all selfie lovers and partygoers! There are two floors of famous fun! Located in historic Ghirardelli Square in the William Wurster Building, McCormick & Kuleto's offers panoramic views of the San Francisco Bay, along with Angel Island, Hyde Street Pier, Alcatraz and Aquatic Park. Our restaurant was created in 1991 by two friends, the famed San Francisco restaurant designer Pat Kuleto and the renowned restaurateur Bill McCormick. They designed this restaurant using their surroundings as their inspiration; Ghirardelli Square, Maritime Museum, Fisherman's Wharf and the rich history of the waterfront's longshoremen hangouts. Once you step into our restaurant, you'll see why we're included in the 49-Mile Scenic Drive and is designated as a San Francisco Landmark. Our spaces have gone through a complete transformation with a renovation and remodel in 2013. The changes have been made to enhance the beauty of our natural surroundings and maximize your dining experience. We hope you join us soon for our great food, exceptional service, and the beautiful view.

The Mission Cultural Center for Latino Arts (MCCLA) was established in 1977 by artists and community activists with a shared vision to promote, preserve and develop the Latino cultural arts that reflect the living tradition and experiences of the Chicano, Central and South American, and Caribbean people. MCCLA makes the arts accessible as an essential element to the community's development and well-being. Originally the old Shaff&#65533;s Furniture store, MCCLA was purchased by the City and County of San Francisco to serve as an official Cultural Center of San Francisco. Artists from all over the world have been afforded space at MCCLA and Mission Grafica, the graphic department that was also established in 1977. Mission Grafica has catalogued over 4,000 posters in its archive, which is now an important collection of Latino/Chicano works of historical significance, as it preserves a visual reminder of the Latino/Chicano struggle and roots. The Mission Cultural Center for Latino Arts offers many arts and cultural activities for local residents and visitors, such as: affordable classes in dance, studio recording, printmaking and music for youth and adults; exhibits in their 3,231 sq. ft. gallery reflecting the tradition and experiences of Latino communities; and a variety performance arts showcases in the Center's 150-seat theater. The Mission District is a popular neighborhood where visitors can enjoy popular sites in the Calle 24 Latino Cultural Corridor (24th Street).

Voted Best Seafood in San Francisco by KRON 4 TVs Best of the Bay, Pier Market is an authentic fish house where the locals go for the freshest seafood in the city. Established 40 years ago, Pier Market is one of the most popular dining destinations on Fisherman's Wharf. They serve fresh, mesquite-grilled fish and meat, Dungeness Crab, Pastas, Award Winning Clam Chowder in Sourdough Bread Bowls and Authentic Sourdough Bread. The 1,500-acre Presidio is San Francisco's unique national park at the Golden Gate. Once the Nation's premier Army post, today the park offers the spectacular vistas, nature, and history you would expect, plus many surprising experiences. In today's Presidio, visitors can walk on a 24-mile network of trails; discover art exhibitions indoors and out; soak in incredible Golden Gate views; visit San Francisco's oldest building reborn as a museum and cultural center; jump on a trampoline in a former airplane hangar; bird watch at restored wetlands; and relax at San Francisco's largest picnic, which draws 5,000 people each spring/summer weekend. Even better, most events and activities are free, making the Presidio an affordable and accessible escape that's welcoming to all. Begin your day in the park in the new Presidio Visitor Center, located at 210 Lincoln Boulevard, in the heart of the park. A free shuttle runs to the park from downtown San Francisco.

The first new Yosemite lodge in more than 25 years, Rush Creek provides a relaxed yet sophisticated experience inspired by the nature surrounding its 20-acre wooded hillside setting. Rush Creek features a mix of 143 lodge rooms, suites, and hillside villas, all with private decks, most with sunset views. Amenities throughout the property are designed for kids and adults alike: Outdoor fireplaces, innovative play area, pool area with pool bar, solar-heated salt water pool and two hot tubs; restaurant and tavern with indoor/outdoor seating; guided tours and free planning advice for exploring independently in and around Yosemite; daily on-site activities; general store. Rush Creek Lodge at Yosemite is a social enterprise dedicated to providing exceptional Yosemite experiences while maintaining social and environmental programs that make the world a better place. A sister property to the nearby Evergreen Lodge, Rush Creek provides the same warmth and genuine hospitality, and equally strong social and environmental missions. The lodge is a 3 hour drive from the San Francisco Bay Area along scenic Highway 120, the most direct route to Yosemite from the Bay Area, and open year-round.

Founded in 1935, the San Francisco Museum of Modern Art was the first museum on the West Coast dedicated to modern and contemporary art. Now, after a major three-year building expansion designed by Sno'hetta, SFMOMA returns as one of San Francisco's must-see destinations. Nearly tripling its gallery space, the museum features more of its outstanding collection of more than 33,000 works, along with new art, including the Doris and Donald Fisher Collection, one of the greatest private collections of modern and contemporary art in the world. With art-filled public spaces, free entry for visitors 18 and under, numerous outdoor areas, two museum stores, and multiple dining options, the museum is open to San Francisco and visitors as never before. Save time and reserve tickets online at sfmoma.org.

Meeting spaces received modern touches and additional natural light. The previous Velvet Room dining area on the first level has been transformed into an event and meeting space. New lighting was added along with A/V equipment, making the room versatile for a multitude of programs. The redwood paneling remains while drapery was removed, exposing new walls in a light neutral color. Blackout shades were added to provide the correct light levels for screen presentations. The meeting rooms on the Mezzanine Level remain the same size but received all new lighting and ceilings. Cut-outs to the lobby below help engage the space with the rest of the hotel and provide even more light. The Fraser Event Space has a large conference table that can seat twenty-six. Meeting organizers have the option of dimming the room with motorized shades hidden in the ceiling when not taking advantage of the abundant natural light. The pre-function areas have finishes similar to the lobby, forming a bridge between the two spaces and encouraging mingling. Sonesta is committed to providing a safe and secure environment for our guests, visitors and employees. Working with our primary partner, Ecolab, we have created Stay Safe with Sonesta--a program that exceeds all CDC, WHO, and governmental requirements and recommendations. https://www.sonesta.com/staysafe

The LINE SF's 6,000 sq. feet of indoor and outdoor event space features streaming natural light, expansive city views, and a banquets and catering team led by Executive Chef Joe Hou. Our passionate, experienced events team is here to customize experiences from good morning to good night—whether an early wellness gathering for the entire company or an evening on the rooftop with the core team. The Hammett Room inspires creation, investigation, and storytelling. After all, it takes its name from Dashiell Hammett, the famed San Francisco novelist who worked at the Tenderloin's Pinkerton Detective Agency and whose cases inspired The Maltese Falcon, The Thin Man, and Red Harvest. The space can accommodate small meetings of up to 50 people or receptions of up to 120 people in its 2,000-square-foot hospitality suite and 1000-square-foot patio. Gaze out over sweeping views of the San Francisco skyline at Rise Over Run, a full-service rooftop bar and restaurant solarium located on the top floor of the hotel. Host the team for happy hour with cocktails and towered canapes around a firepit, or take over the lush rooftop space for a large gathering of friends and family.
